32° Masonic Learning Center for Children

The Masons are the oldest and largest fraternal
organization in the world, with a rich history
in the U.S. that dates back to colonial times -
George Washington was among the first
Masons in the then newly formed United
States. Masons do their charitable work at a
level where real differences can be made in
the lives of individuals, families and
communities. Following the philanthropic
precedent of many other Masonic charities,
the Children's Learning Centers Program
represents a substantial charitable
commitment.

Since 1994, the Scottish Rite Masons,
Northern Jurisdiction have been national
leaders in the effort to help children and their
families overcome the painful obstacles of
dyslexia. As of December 2008, 59 Learning
Centers are operational in Connecticut,
Delaware, Illinois, Indiana, Maine,
Massachusetts, Michigan, New Hampshire,
New Jersey, New York, Ohio, Pennsylvania,
Rhode Island, Vermont, and Wisconsin.

The West Michigan Center was opened in
1999 and since that time, we have helped
more than 130 students learn to read free of
charge. We currently have 34 students with
14 certified tutors on staff.

The West Michigan Center also has provided
training in the Orton-Gillingham teaching
approach to more than 35 individuals who
then not only tutor in our center, but many of
them take it with them back into their
classrooms.
